Release Notes for
SimplerQMS Patch 3.0.3

ID	Description	Improvement
SQ-310	When creating a recorded issue and setting the property Reportable on RI = No it still required a report	Bug fixed.
SQ-285	Improved user experience for opening documents attached to a training record	After opening the tree structure of a training record the document to learn is directly visible without the need to open the "Version(s) to learn" tab
SQ-333	Created date has been incorrect on released documents, as it has used the created date of the released version instead of the original document.	The property "Created Formatted" can be inserted on documents in order to apply the creation date of the initial document.
SQ-457	Existing Attachments that have been routed for updates stayed in "read-only" permissions.	Bug fixed.
SQ-464	Permissions have not been updated on templates, which have been routed for updates	Bug fixed.
